

WEST LAS VEGAS EARLY HEAD START PREGNANT MOTHER PROGRAM

- Provides continuous support during pregnancy
- Positive childbirth outcomes
- Supportive postpartum care for the parents and baby
- Fathers to become fully involved in the lives of their baby
- Supporting and enhancing parent and child attachment
- Helps parents become nurturing and responsive caregivers during infancy
- Referrals to appropriate agencies if needed

Pregnant Women Participating in Early Head Start will benefit from Prenatal Educational Handouts and monthly Home Visits on the following topics:

- ✓ Fetal development, including risk from smoking and alcohol
- ✓ Labor and delivery
- ✓ Benefits of breastfeeding
- ✓ Nutritional needs during pregnancy

Priority to enroll your baby in the EHS Infant Room at 6 weeks of age or as soon as there is a vacancy
